

FOR IMMEDIATE USE – 14th June 2010**RoSPA
OCCUPATIONAL HEALTH & SAFETY AWARDS 2010**

Congratulations go to K Home International (KHI) once again for achieving the prestigious RoSPA Occupational Health and Safety Awards. KHI are proud winners of the Silver Award which was received on 8th June 2010.

The award is a testimony to the company's commitment to improving health and safety performance. The majority of awards are non-competitive and mark achievements which are graded at merit, bronze, silver and gold levels.

Lee Anderson, Operations Director of KHI said "The RoSPA awards are not just about reducing the number of accidents and cases of ill-health at work; they help to ensure that our organisation has good health and safety management systems in place".

Anderson added, "With the continuous support from office and site based staff we can continue to excel and improve our health and safety. We are currently up to 1,300,000 manhours without Lost Time Accidents. This is a great achievement and we continue to maintain zero accidents within the work place".
