

## **Shasun, Dudley**

### **Multi Product Plant Relocation**

#### ***KHI Role:***

To provide a front end design brief for each of the following projects:-

- Relocation of Acid/Alkali storage tanks.
- Firewater collection system.
- Interceptor pipework upgrade.
- Replace pilot plant effluent tank.
- Laboratory refit into offices.

#### ***Scope of Work:***

- To produce multi-discipline design packages detailing the proposed works, including layout drawing to fully describe the requirements for installation suitable for use in the EPCm tender documents.
- +/- 10% cost estimate to cover all estimates of each project.
- Project programme from each project. Work packages describing Scope of Works for each project for procurement purposes.
