

FOR IMMEDIATE USE – 1st MARCH 2011

TODAY SEES THE LAUNCH OF THE ALL NEW K HOME INTERNATIONAL WEBSITE

New front page of KHI website

TODAY sees the launch of the all new K Home International website which has been designed to be user friendly and more informative.

Following feedback from both clients and vendors a like the site now contains an enhanced services section, sector information and an expanded range of portfolio experience.

As well as the user friendly navigation from screen to screen, the image of the website has been designed to make it accessible on any viewer or web browser you may be using.
